

Chamber Affiliate Application

The Grove City Foundation awards both merit and need based scholarships to current employees of Chamber member organizations, to current individual Chamber members (who are not direct chamber employees), and to immediate family members of such member organization employees and individual members.

The nature of the affiliated relationship determines the application requirements and the program levels that are supported, such as seeking an Associates or a bachelor's degree, completing a certification program at an accredited degree- granting educational institution or receiving other technical training. Post baccalaureate (Graduate School) education scholarships are only available to persons who are current employees of a Chamber member - organization or are themselves individual Chamber members.

First, determine your filing status. Place an “X” next to your filing status

You are graduating high school senior whose affiliated relationship is through a parent who is an employee of a chamber member organization or who is currently an individual member of the Grove City area Chamber of Commerce. If you check this box, follow the instructions below for the “Affiliated High School Application”

You are a graduating high school senior who is directly employed by a Chamber Business Member company. If you check this box, follow the instructions for an “Affiliated High School Application”

You have completed at least one year towards a bachelors or associates degree and your affiliated relationship is through a parent who is a direct employee of a Chamber Business member company or who is currently an individual member of the Grove City area Chamber of Commerce. If you check this box, follow the instructions for an “Affiliated Renewal Application”

You completed your secondary school education prior to the current calendar year and you are a direct employee of a Chamber's business member's company or you are an individual member of the Grove City Area Chamber of Commerce and you wish to acquire or complete post-secondary school education (including post baccalaureate degrees), pursue continuing education credits, technical training, or certification from an organization other than an accredited degree granting educational institution. If you check this box, follow the instructions for an “Affiliated Employee application”
